

# West Coast Chi Alpha

October 25, 2005

Dear Family & Friends,

## Prayer Requests

- People will catch the vision for reaching college students
- Full budget raised - \$3,000/month needed
- Humility, holiness & intimacy w/God

## *Life on the West Coast*

A little over two months ago I made the long journey from Alabama to California. After 3,000 miles and a week on the road, I reached my new home in Sacramento. Since arriving, our team has traveled from San Diego to Seattle sharing the vision to reach West Coast campuses with students, pastors, churches, and individuals, along with some initial steps in setting up the new regional Chi Alpha office.

So why are we going to all this effort? I still believe the university campus is the most strategic mission field in the world. On thousands of campuses, tomorrow's leaders are gathered from around the world at a critical juncture in their lives. The choices they make during this brief window of time called college will set the course of their futures *and* influence the thousands of others they come into contact with after graduation.

## Giving Instructions

If you would like to support me financially, please send your tax-deductible gifts to:

In California alone there are 700,000 college students. When you consider the entire West Coast, the number jumps into the millions! Our goal is to mobilize students, churches, and full-time staff to impact this critical, yet largely unreached, group.

Currently my focus is on fund-raising. I still need to raise an additional \$3,000/month to be at full-budget. Please pray that it is raised quickly! Once complete our team can begin implementing the vision God has given us for the West Coast. Thank you so much for your part in helping to reach this generation!

**San Francisco is just one of the major metropolitan areas we hope to plant new college ministries.**
